An Unusual & Extremely Effective use for Coltogum Water Stop & Fibatape

**This photo was taken on board a Livestock Ship
at the Sembawang Shipyard, Batam, Indonesia where a
severely leaking top wooden deck was successfully sealed using
Coltogum Water Stop & Fibatape**

**The highly flexible & permanent sealing characteristics
plus the ease of application combined to make
Coltogum Water Stop & Fibatape the perfect choice**

Repair carried out in March 2007

Latest report from the vessel: "The repair is working very well"

**Coltogum Water Stop & Fibatape supplied by an Australian Sub-Distributor
160 x 5 litres Coltogum Water Stop
100 x 150mm x 23 metres Fibatape**
